Watershed Development Permit Application

Project Description:

The following items are required on all plans:

Section 208. Site Plan Requirements.

Site plans are required for all development other than single-family residences. Site plans should be submitted to the Watershed Administrator in the Administrative Services Department for approval. A permit will not be issued until the site plan is approved. The plan will be acted upon within thirty (30) days of receipt. Site plans shall meet the following requirements: A. Five copies of site plans shall be submitted on 18" X 24" sheets.

B. Plan should be to scale no smaller than 1" = 100'.

C. Plan shall show the following:

- Title block (Development name, owner/developer, township, scale, and tax map number).
- Property lines.
- North arrow.
- Vicinity map.
- Legend.
- Location of existing and proposed structures and all other impervious improvements.
- Site data (total acres, total impervious area, total number of lots, etc.).
- Easements - location width and purpose.
- Location of ponds, lakes, and perennial streams.
- Location and elevation of 100-year flood plain and marginal land.
- Location of the septic tank and drainage field or public utilities.
- Sedimentation and erosion control measures.
- Representative topography (Alamance County's topographic maps).
- Front, side, and rear yard requirements.
- Surveyor or engineer seal.
- Lake and stream buffers.
- Date.
